NOTE:—Communications relating to standing, curricula, instruction and examinations in the Library School are to be addressed to the Director, Library School, Ontario College of Education, University of Toronto.

LIBRARY SCHOOL

ONTARIO COLLEGE OF EDUCATION

The Library School offers to graduates of approved Universities a one-year course leading to the degree of Bachelor of Library Science. To non-graduates whose academic standing fulfils the requirements of clause (e) in "Conditions of Admission", the Library School offers a course leading to a University diploma. Candidates who secure either the degree in Library Science or the University diploma may be awarded a Librarian's certificate by the Minister of Education.

In 1911 a short course in library training was established by the Minister of Education for Ontario under the directorship of the Inspector of Public Libraries. In 1916 the Ontario Library School was instituted, with a three months' intensive training in library methods. This School continued until 1927, and its students are in library positions in every province of the Dominion. In February, 1928, the Minister of Education, in order to meet the demand for a more extensive training for librarians, announced his intention of establishing a course of instruction extending throughout the academic year. In pursuance of that intention the Library School was organized, and for purposes of administration is attached to the Ontario College of Education, University of Toronto. The sixteenth session will open September 28th, 1943.

QUARTERS

Provision has been made for ample quarters in the buildings of the Ontario College of Education, consisting of a study room, where each student is assigned an individual desk, lecture rooms with lantern equipment, a typing room, and offices for the staff. The library of the Ontario College of Education is available for the use of the students. The School library consists of general reference works, books relating to library science and a collection illustrating the problems of cataloguing and classification.

STAFF

The full-time members of the Staff will be assisted by part-time instructors, who are engaged in practical library work, and are therefore familiar with the various problems which call for solution in actual experience.

PRACTICE WORK

The close connection of the Library School with the University and Colleges and with the Public Library of Toronto affords a full opportunity for laboratory work. The Reference Library of Toronto, together with the

8 LIBRARY SCHOOL, ONTARIO COLLEGE OF EDUCATION

University and College libraries, is open to the students of the Library School for reference problems and practice. Arrangements have been made with the Board of the Toronto Public Library for practice work in the libraries of the city during a part of each week of the second term. In addition, each student will devote two continuous weeks to such practice work. An opportunity to practice in other libraries may be afforded students willing to undertake such practice.

THE GEORGE H. LOCKE MEMORIAL SCHOLARSHIP

The Toronto Public Library Association has established a scholarship in the Library School of the University of Toronto to be known as the George H. Locke Memorial Scholarship. This scholarship of the value of not less than \$100 will be awarded by the Senate annually or otherwise, upon the recommendation of a Committee of Award, to persons holding the Degree of Bachelor of Library Science of the University of Toronto or the Diploma in Librarianship of the University, who, by their academic record, personality and library experience have shown themselves capable of advancing their profession by further study.

Applications for this scholarship should be submitted to the University Registrar on or before March 1st, 1944.

CONDITIONS OF ADMISSION

Applicants for admission to the course leading to the degree of Bachelor of Library Science and applicants for admission to the course for the University diploma should make application to the Director of the Library School on a form to be obtained from the Library School and should submit in each case with the applications:

(a) A certificate that the applicant will be at least 18 years of age before the course begins.

(b) A certificate from a clergyman or other competent authority that he is of good moral character.

(c) A certificate from a duly-qualified medical practitioner that for the purposes of this certificate he has made a careful examination of the applicant and certifies as follows: (i) that he is free from heart disease or any other serious organic affection; (ii) that he is free from pulmonary affection, defective hearing, seriously defective eyesight, or abnormal conditions of appearance which would interfere with his work as a librarian; and (iii) that in other respects he is physically fit for the work of a librarian.

(d) For admission to the course leading to the degree of Bachelor of Library Science evidence of graduation from a University, after a regular University course approved as to entrance requirements and as to content of the undergraduate courses.

(e) For admission to the course for the University diploma: the Ontario Secondary School Graduation Diploma in the General Course, and the Ontario Grade XIII certificate, or equivalent certificate, covering five subjects selected as follows:

ENGLISH

HISTORY

Three of the following group, of which one shall be a language:

FRENCH

LATIN

GERMAN

GREEK

ITALIAN *or* SPANISH

MATHEMATICS (two of Algebra, Geometry, Trigonometry)

SCIENCE (Chemistry and Physics)

SCIENCE (Botany and Zoology)

MUSIC

(f) Applicants for admission to the course for the University diploma shall present: (i) the Ontario Secondary School Graduation Diploma, and the Ontario Grade XIII certificate or equivalent certificates as specified above in (e); (ii) evidence of at least one year's successful experience in an approved library; (iii) a statement from the Board of the library in which the applicant is employed, granting leave of absence to attend the Library School.

(g) Applicants with a certificate of graduation from an approved University are required to submit before registration evidence of at least two weeks' practice under supervision in an approved library.

(h) Graduates of the Library School previous to 1937 may qualify for the degree of Bachelor of Library Science: (i) by presenting evidence of graduation from a university after a regular university course approved as to entrance requirements and as to content of the undergraduate courses; (ii) by presenting evidence of one year's experience in library work; (iii) by completing at the Library School a course of lectures, prescribed by the staff and involving a practical project or a written examination. With the approval of the staff of the Library School and under conditions to be defined by that staff, the candidate may substitute for (iii) above, a practical project in a subject approved by the staff.

Applications for admission to the course for the University diploma from those who cannot comply with the educational requirements specified above in (e) but who had had at least one year's successful experience in an approved library in Ontario before the establishment of the Library School in 1928, will be received and considered on their merits as individual applications.

The applications for admission of those who are thirty-five years of age and over will be considered favourably only when they submit evidence of special educational qualifications or of long and successful library experience.

10 LIBRARY SCHOOL, ONTARIO COLLEGE OF EDUCATION

Subject to conditions to be determined from time to time, applicants who are not candidates for certificates as librarians may be admitted to special parts or subjects of the course.

Every candidate for admission must submit a certificate of successful vaccination with his or her application.

Facility in the use of the typewriter is an essential part of a librarian's equipment. Students are required to do much of their class work on the typewriter and accepted candidates must acquire a knowledge of the typewriter before entering the School.

A broad academic education is a good preparation for a library course. Such subjects as literature, history, economics, psychology, the sciences, and foreign languages are important. A reading knowledge of French and German, and some knowledge of Latin is highly desirable. Increasing opportunities are developing for students who in addition to their library course have a specialized knowledge of various subjects, and for this purpose Honour Courses in History, English, the Sciences and Modern Languages are recommended.

UNIVERSITY HEALTH SERVICE

The facilities of the University Health Service are available to all students, both men and women, in the Library School.

The Health Service provides for an annual medical examination of each student. This includes a routine urinalysis, intracutaneous tuberculin test, and an X-ray film of the chest in such years as it may be considered necessary. Should the findings at the initial examination reveal any condition which in the opinion of the Director requires the advice of a specialist, the student will be examined by a consultant. Should the examination disclose evidence of a condition for which medical treatment is indicated, the student will be advised to consult his family physician or other doctor of his own choice. Such a student will be required to report back to the Health Service at stated intervals during the session in order that the Health Service may know that the student has acted on the advice given him. Should any postural defect or other condition be revealed for which exercises are considered advisable by the Director, arrangements for them will be made with the Director of Physical Education. Should the examination reveal any physical or other defect which, in the opinion of the Director, renders it inadvisable for the student to pursue his course of study, he will be so informed and a report on his case will be sent to the college, faculty or school concerned.

The examination also determines whether or not the physical condition of the student is such that he may participate in athletic sports or games or attend the required physical training classes. *All students must have a medical examination by the Health Service before taking part in any university athletic activity. Students proposing to engage in such activities must make early appointments for their examinations.*

Any student may consult the University Health Service for medical advice between the hours of 9 a.m. and 5 p.m. daily (Saturdays 9 a.m. to 1 p.m.) and by appointment on Sunday if urgent. Any student who is taken ill in lodgings or in a residence and who has not a private physician will be visited if necessary. A nominal charge of \$1.00 during the day (9 a.m. to 6 p.m.) and \$2.00 at night (6 p.m. to 9 a.m.) will be made for each visit. These charges are payable by the student to the University Bursar. Any student who is taken ill or injured on the university grounds or premises will be given essential first aid treatment or advice. Further treatment is the responsibility of the student and must be arranged for privately.

While the University does not admit any legal responsibility for injuries sustained by students because of athletic training or competition, the University Health Service has found it possible to provide for a measure of financial assistance towards the care of students injured while engaged in the required physical training classes or in recognized athletic activities on the campus. Such assistance is available only to students who pay the Health Service fee and who have satisfied the requirements of the Athletic Directorate in regard to athletic eligibility, and will be provided solely on the authorization of the Director.

The University Health Service will not meet the expense of students who are not eligible to receive such assistance. It will not meet the expense of treatment of injuries received while the student is not actually engaged in recognized physical training classes or athletic activities. It will not meet the expense of treatment for which no official arrangements have been made with the Director prior to the end of the academic term in which the athletic injury occurred. Students who secure unauthorized service do so at their own responsibility. In any case involving questions of eligibility, medical and surgical fees, hospitalization, etc., the decision of the Director is final.

The University Health Service has in operation an Infirmary for men and an Infirmary for women. The Infirmary for men is situated on the third floor of the west wing of Hart House, and the Infirmary for women is established, through the co-operation of University College, in connection with the University College Women's Infirmary in the Women's Union, 79 St. George Street. Graduate nurses are in charge of both Infirmaries, and medical supervision is provided by the Health Service staff. These Infirmaries are intended for students with minor illnesses requiring bed care for a period of a few days to a week and are primarily for students in residence or lodgings for whom such care is not otherwise readily available. They are not intended for serious illness or injury requiring hospitalization for longer periods nor for students living at home where bed care is available. Students will be admitted to the Infirmaries on the authorization of the Director or Assistant-Director of the Health Service. While in the Infirmary, a charge of \$1.50 per day, payable to the University Bursar, will be made to cover the cost of meals and routine medication.

FEES

(a) The fees for the Course which include also the examination fees are as follows except for students provided for under (b):

For men: tuition fee, \$75; incidental fees,¹ \$23; total fee (if paid in one instalment), \$98; first term instalment, which must be paid on or before September 28th, \$73; second term instalment, due January 31st, \$25.²

For women: tuition fee, \$75; incidental fees,¹ \$11; total fee (if paid in one instalment), \$86; first term instalment, which must be paid on or before September 28th, \$61; second term instalment, due January 31st, \$25.²

For partial courses the tuition fee, which includes also the examination fee, is \$10 per subject.

(b) For all students (1) who have not attended an Ontario Secondary School for at least two years, or (2) whose home address as recorded on the register of the University from which they graduated is outside the Province of Ontario, the fees for the Course which include also the examination fees are:

For men: tuition fee, \$150; incidental fees,¹ \$23; total fee (if paid in one instalment), \$173; first term instalment, which must be paid on or before September 28th, \$73; second term instalment, due January 31st, \$100.²

For women: tuition fee, \$150; incidental fees,¹ \$11; total fee (if paid in one instalment), \$161; first term instalment, which must be paid on or before September 28th, \$61; second term instalment, due January 31st, \$100.²

For partial courses the tuition fee, which includes also the examination fee, is \$20 per subject.

(c) The student shall pay the first term instalment of fees (see (a) or (b) above) on or before the opening date of the Session. The second term instalment and the fee for the degree are due on January 31st; after this date an additional deferred payment fee of \$1 a month shall be imposed until the whole amount is paid.

(d) The fee for examinations when the examinations are taken by candidates not in attendance is \$2 for each subject of the course.

(e) The fee for the degree is \$10, due January 31st.

(f) All fees are payable to the Bursar of the University of Toronto.

(g) A library deposit of \$2 payable at the Library School is required of all students.

Students should allow approximately \$35 for text books and supplies.

The tuition fee for the summer course for graduates of the Library School previous to 1937 who are entitled to qualify for the degree of Bachelor of Library Science, is \$10.

¹The incidental fees for men include fees to Hart House, the Students' Administrative Council, the Athletic Association, and the University Health Service.

The incidental fees for women include fees to the Students' Administrative Council, the Athletic Association, and the University Health Service.

²For penalties on late payment of the second term fees, see (c).

SESSION

The Session will open on Tuesday, September 28th, and close on June 8th, with such vacations and holidays as obtain in University courses.

DUTIES OF STUDENTS

Students whose attendance, or progress in the School proves unsatisfactory may be required by the Director to discontinue the training.

EXAMINATIONS AND CERTIFICATES

The standing of each student in each subject will be determined by the combined results of the sessional tests (if any) and the final tests. To secure credit in any subject or in practice work the student must obtain 50% of the maximum of marks assigned to that subject or to practice work, as the case may be.

The Minister of Education for Ontario may on the recommendation of the Examiners award a Librarian's certificate to the candidate who, having complied with the other required conditions, has secured a credit in the required subjects of the course and in practice work. A candidate who fails to secure a credit in practice work or in more than three subjects must repeat his course of instruction, beginning with the second term. A candidate who secures a credit in practice work, but who fails to secure a credit in not more than three subjects, may be awarded a Librarian's certificate without further attendance, on completing the final examinations in the subjects in which he failed.

DEGREES, DIPLOMAS

Successful candidates in the Degree Course will be granted the degree of Bachelor of Library Science and may be awarded Librarians' certificates by the Minister of Education.

Successful candidates in the Diploma Course who are awarded Librarians' certificates by the Minister of Education will be awarded University diplomas.
